Dental Cotton Roll Dispenser Holder

The Dental Cotton Roll Dispenser Holder Touch Type has elegant appearance, streamlined design and all transparent material. Autoclavable, can be heated to 134 degrees. Easy to fill, the top lid can be opened to place on cotton rolls. Easy to use and hygienic. Dispenses one roll of cotton at a time, without affecting the other rolls of cotton, preventing them from being contaminated. Size 120 x 55 x 97mm.

INDICATION

Indicated for storage and organization of cotton rolls. Its way of dispensing cotton rolls does not affect other cotton rolls that are not used at that time, preventing them from being contaminated.

PRESENTATION

Box containing 01 unit, in White or Blue color.
