Eucaliptol

Guta Percha Solvent

Eucalyptol AF do BRASIL is obtained from eucalyptus essential oil. It is a clear, colorless liquid with an aromatic, camphoraceous odor and a spicy taste, followed by a sensation of freshness. Practically insoluble in water, it is miscible with alcohol, chloroform, carbon sulfide, glacial acetic acid, vegetable oils and essences. It is a liquid that helps in the retreatment of root canals, acting as a solvent for gutta percha cones.

INDICATION

Indicated as a solvent for gutta percha cones, helping to remove fillings from root canals.

PRESENTATION
