# Silver Welding Flux

## Dental Welding Fluid

The Silver Welding Flux AF do BRASIL is a fluid used to join metals through brazing, allowing uniform and bubble-free solders.

It is applied in most soft soldering and brazing processes, except those carried out under protective atmospheres in special ovens.

### INDICATION

Indicated for joining metals through brazing, allowing uniform and bubble-free welds.

### PRESENTATION

Bottle containing 20ml of Silver Welding Flux AF do BRASIL.

n° 80432419002
